

Getting Started

Follow steps 1 → 2 → 3 → 4

WI-FI NETWORK
AirOpsCoordTool

PASSWORD (WI-FI & APP)
Ahead!together

1

Connect to Wi-Fi: **AirOpsCoordTool** or
AirOpsCoordTool-2g

Settings → Wi-Fi → either network works

If asked "No internet - stay connected?" tap **Yes** or **Keep**

2

Open your web browser

Safari (iPhone) · Chrome (Android) · Edge (Windows)

3

Type: **http://ops.lan/** then tap **Go**

4

Type the password, then tap the blue button

Follow on-screen instructions from here

AOCT
